Dear Representatives Capito, Sarbanes, and Shuler:

On behalf of the American Highway Users Alliance, a 79-year old national organization which advocates in the public interest for improved road safety and mobility, I am delighted to enthusiastically **endorse** H.R. 2324, the ROADS SAFE Act, which you introduced on June 23<sup>rd</sup>. We would like to work with you to attract additional co-sponsors and advance this legislation to enactment, either as a stand-alone measure or as a critical part of this year's highway bill.

Our 280 companies and non-profit organizations, which represent millions of American motorists, professional drivers, and highway-using businesses, support a real commitment to driving down the death toll on our roads and highways. We have no doubt that tens of thousands of American deaths are preventable each year. Your bill would fund promising research that will bring America closer to a day when no one will be killed by a drunk driver. With leadership like yours, I truly believe that day will come soon.

Please feel to call upon me or my member companies and organizations to assist you in the effort to move the ROADS SAFE Act through the legislative process.

Sincerely,
